TERMS AND CONDITIONS

In addition to the terms and conditions listed earlier in the catalog, the following is also in effect for the Holstein Sale.

CERTIFICATES: All certificates of registry and transfer will be furnished to the purchaser free of charge, except that young calves selling with dams and calves selling for less than \$50.00 will be registered and transferred at the buyer's expense.

WARRANTIES:

- 1. Each seller warrants clear title to the animal and right to sell the same.
- 2. Unless otherwise announced from the auction stand, each animal is sold as sound.
- 3. (A) Bulls: Are sold as being able to serve and settle after reaching 14 months of age. The buyer is expected to provide reasonable care and feeding. Should the bull prove to be a non-breeder, the buyer shall notify the seller within 4 months after the bull reaches 14 months of age. The seller shall then have 6 months to prove the bull to be a breeder. In no case shall the seller be responsible for more than the selling price.
- 4. (B) Females: Any female pregnant when sold or that has freshened normally within 60 days prior to the date of the sale is by that fact considered a breeder. Should any other female not pregnant when sold fail to become pregnant within 6 months of sale date, or if less than 15 months old when sold by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller who shall then have the privilege of 6 months time in which to prove the animal a breeder before refunding the purchase price. Females bred when sold are presumed to be pregnant but pregnancy is not guaranteed. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full time. In no case shall the seller be responsible for more than the sale price of the animal.
- 5. Above warranties cease when the animal is disposed of by the original purchaser.
- 6. Transportation charges on all animals subject to adjustment shall be paid by the shipper.
- 7. TUBERCULOSIS TEST: Each animal, other than uncatalogued baby calves, has passed a negative test for Tuberculosis within 30 days of sale, or enters the sale from an Accredited Herd.

Swing to GTA Feed..

and Swing to the Bank with Extra Profits!

Ranchers bank on GTA feed to put more money in the bank. It all comes from GTA feed research. Laboratory developed . . . research tested on GTA farms and in the field.

GTA Programmed Nutrition for Profit feeds are scientifically formulated to give ranchers the lowest cost per hundred weight gain. Cattle get to market faster in a healthy, lean, condition. Breeding stock has higher conception rates and aborting is practically non-existent. Dairy cattle produce more milk and sows give birth to larger, livelier litters. Yes, GTA even has a full range of sheep feeds too. In fact, whatever your feeding requirements, be it livestock or poultry, come to GTA. You'll feed less and profit more.

That's what its all about. Scientifically formulated feeds that give more profit per dollar invested. So join the swing to GTA feeds and swing to your bank with extra profits.

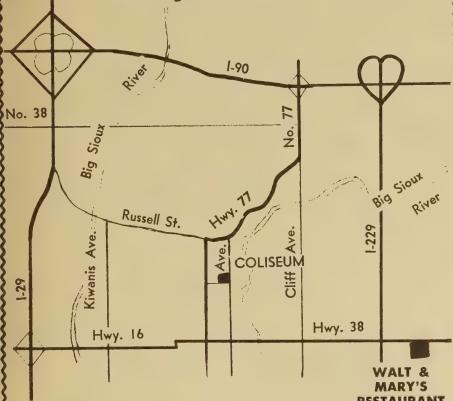

Programmed Nutrition for Profit Visitors Always Welcome

JOHN MORRELL & CO. processors and manufacturers of MORRELL PRIDE MEATS from the nation's highest quality livestock—

A GREAT DISPLAY OF BUSINESS, INDUSTRY & AGRICULTURE PERSONNEL, WORKING IN AND FOR AN EXPANDING PROSPEROUS AGRICULTURE COMMUNITY.

"PARTNERS IN AGRICULTURAL PROGRESS"

Since the Chamber of Commerce first sponsored the Sioux Empire Farm Show in 1953, the entire agricultural spectrum of production, marketing and processing has undergone a drastic change. Livestock that won show awards in 1953 could not possibly compete with meat-type animals winning the honors in 1971.

It was no simple task to upgrade the livestock and crops on exhibit at this year's Farm Show. Our hats are off to the Sioux Empire farmer businessman for his unequaled accomplishments in improving both the quality and quantity of agricultural production.

Realizing that today's agriculture cannot afford yesterday's methods of production, marketing and processing, the Sioux Falls Chamber of Commerce works closely with all phases of agri-business to provide the finest services and markets that are demanded by our number one industry.

Developing and maintaining a thriving agricultural economy has always been a primary goal of the Chamber of Commerce. In addition to everyday emphasis on agriculture, the Chamber of Commerce sponsors a number of agricultural events.

We hope you enjoy your visit to Sioux Falls and the Sioux Empire Farm Show, and that you will visit Sioux Falls again in the near future.
